

AN OLD NEGRO SLAIN

BECAUSE HE HAD REPROVED ANOTHER FOR PROFANITY.

Gillison Is Shot Dead by Baker Because He Forbade His House to the Latter, Who Was Profane and Obscene.

SAVANNAH, Ga., April 4.—[Special.]—Robert Gillison was shot at 11 o'clock yesterday morning by Andrew Baker, six and a half miles out of the city, and he died at the Georgia infirmary this morning.

Baker escaped. Gillison was fifty years old and Baker is twenty-four years old. Both were negroes. They worked on Mr. Ben Wells's farm, on the White Bluff road. Wednesday night Gillison complained that Baker was swearing too much, and was too obscene to stay in the farm-house. Yesterday morning he said:

"Baker, you can't stay in my house any longer—you swear too much."

Then they had a quarrel. After going out to the field to work it was resumed, and Gillison told Baker that he would have to find another place to sleep. Baker was plotting. He stopped his mule, drew a revolver, walked up to Gillison, who was not twenty feet away, and fired three shots at him. One struck him in the left leg, the second in the left arm, and the third in the stomach. At the third shot, Gillison fell to the ground, crying: "Lord have mercy on me. I'm killed."

THE MURDERER ESCAPES. A dozen negroes were in the field. Ned George, who is the foreman, was standing near the two men.

"What did you do that for?" George asked. Baker turned and glared at George, and the former made a threatening motion as though he would soon shoot one of them. George did not dare try to catch him. Baker picked up the line, and started his mule up the furrow. Mr. Wells was some distance away, and when he heard the shooting, and saw the commotion, went over to Gillison. Baker kept an eye on Mr. Wells, who walked toward him. When Baker got to the mule, Mr. Wells was getting close to him, so the negro dropped the plow handles, jumped over the fence and disappeared in the bushes.

That is the last that has been seen of him.

THE OLD MAN'S DEATH. Gillison was brought into the city, and was attended at the Georgia infirmary by Dr. Weichselbaum. The old man lived until 4 o'clock this morning.

Last night Mr. Wells and his overseer, Mr. Ashmore, searched the farm, and watched the houses to see if Baker would return, but he did not. This morning Captain W. D. Dixon, the coroner, visited the farm and took George's statement, and this afternoon he will hold an inquest at the Georgia infirmary. The negroes on the farm know nothing of the previous lives of either Gillison or his murderer.

THE NEWS FROM AUGUSTA.

An Engineer Quits the Railroad in Order to Join the Church.

AUGUSTA, Ga., April 4.—[Special.]—An engineer employed by the Georgia railroad, yesterday gave up his job to join the church. He was railroading and religion do not work together.

Coroner Plouquet, after examining and investigating the cause of the death of the negro man, White, at Hephzibah, today finds that Stephen Walker is guilty of deliberate murder. The jury found a verdict today in accordance with these facts.

A white man named Williams, employed in the Dartmouth mills, got a badgering in the elevator. Dr. Tom Wright was called to his side. He was not found to be internally injured.

The Georgia and the Port Royal roads have both warned the new railroad not to cross their tracks. They are working just as hard, and have the Sprague construction gang here today with material for the electrical apparatus.

THE CASE NOT HEARD.

Judge Miller Postpones the Bond Injunction Case.

MACON, Ga., April 4.—[Special.]—The bond injunction case was to have been heard by Judge Miller today in the superior court, but the counsel for the complainant requested an adjournment ready until the answer of the city was shown them. Mr. C. L. Bartlett, the city attorney, said that he and his associates had been working hard to have the answer ready, but that owing to the very little time that had elapsed since the serving of the bill they found it impossible.

He also stated that at a late hour yesterday afternoon an amendment had been served which would require affidavits to sustain the answer, and that they had not been able to procure them. He said the city was anxious that the case should be heard as soon as possible, and asked Judge Miller to set the case for next Friday. Counsel on both sides had an engagement for that date, however, and Saturday, the 19th, was set for the hearing. Judge Miller will remain in Houston county until the 19th, and the adjournment is being manifested in the case, and the result will be eagerly watched.

POSTMASTER IN TROUBLE.

J. P. Jones, of Herndon, Arraigned Before Commissioner Erwin, at Macon.

MACON, Ga., April 4.—[Special.]—United States Commissioner Erwin was engaged today in hearing the case of J. P. Jones, postmaster at Herndon. The defendant is an old man, perhaps seventy years of age. He is a neatly clad, and has a most venerable look, and his white locks arouse the sympathy of those who see him. He was charged with being short in his accounts to the amount of \$300. At the age, it is said, he was in a similar condition, the amount in that case being \$1,200, but was allowed to settle without prosecution.

Mr. Jones was put under a bond of \$500. It is said that he is willing to make good the amount.

The Augusta Presbytery.

MILLEDGEVILLE, Ga., April 4.—[Special.]—The Augusta Presbytery convened in this city tonight and will remain in session during the next three days. Rev. J. D. P. Brown, of Washington is moderator, and Rev. D. McQueen, of this city, is stated secretary. The presbytery is composed of something over twenty churches, and they will be represented in the convention, about twenty-five delegates being in attendance. The opening sermon was preached tonight by the moderator, Rev. Brown. After the services the regular organization will be perfected. A new moderator and other officers will be elected, and tomorrow the convention will begin its regular business.

An Imposing Courtroom.

QUITMAN, Ga., April 4.—[Special.]—Messrs. John Tillman, Allen W. Grover and J. M. McLain, of the county commissioners, held a meeting today and decided, among two things, to insert in the Constitution an advertisement for bids on the ten thousand dollar improvement of the county courthouse. The plans and specifications are on file in the clerk's office. When this work shall have been done Brooks county will have one of the handsomest and most imposing courthouses in South Georgia.

A Defective Stove Flee.

HARMONY GROVE, Ga., April 4.—[Special.]—The house occupied by Mr. B. S. Bohannon and family, in the northern portion of this place, was totally consumed by fire this morning, at 7 o'clock. A defective stove due to negligence was the cause of the fire. No insurance.

The Southbound Road.

SAVANNAH, April 4.—[Special.]—The stockholders of the Southbound Railroad Construction company met today. All of the \$500,000 of stock was represented. The presidency was offered to B. A. Denmark, who is considered.

NESBITT TO HENDERSON.

The Continuation of a Controversy Which Has Become Quite Spirited.

"FARM HILL," NEAR MARIETTA, April 3.—Hon. J. T. Henderson.—Dear Sir: In my letter of the 25th of March, I asked you a few questions in reference to your administration of a trust which you have held for nearly eleven years. These questions were such as the humblest farmer in Georgia has a right to ask, and demanded clear and candid replies. In response you have published an intricate and lengthy network of evasions, how vitally vulnerable only those, who have answered this question, understand. It is to the farmer, and that class of our citizens who have not given this subject the consideration, which its importance demands that I appeal for a careful comparison of these questions and answers, and it is for their benefit that I make the following explanatory notes on your answers.

Nos. 1, 2, 3, 4, 5, are simply evasions couched in very brave language, seeking to divert attention from the questions at issue by insinuating an attack from me on the "efficiency" of your son, the "rugged honesty" of one, who is connected with your marriage, and the "competency and faithfulness" of the other inspectors. If I figure out that you are not honest, and that your family and connections have not absorbed about \$100,000, why not let the correct facts be known?

6. One in your position ought to know that the political significance of nepotism is broader than the dictionary definition. It is the tendency to place in office those who are connected with the family, and to give them preferential treatment. It is the tendency to place in office those who are connected with the family, and to give them preferential treatment. It is the tendency to place in office those who are connected with the family, and to give them preferential treatment.

7. My interpretation of this enigmatical answer, reduced to plain language, is: "I will continue appointing those who are connected with the family, and to give them preferential treatment. It is the tendency to place in office those who are connected with the family, and to give them preferential treatment. It is the tendency to place in office those who are connected with the family, and to give them preferential treatment."

8. If you have in the office "steadily increased," and yet you have "greatly reduced" the clerical force, I quote your words. It follows that before such reduction you must have had clerks employed not "demanded by the exigencies of the public service," and my question is sustained by your own testimony. Just here I would state that this reduction of the clerical force occurred after a warning investigation by the legislature of '83.

9. Here again you seek to divert attention from your administration of the office to the fact that I made no attack on them. They doubtless are "as good and true men as can be found in this Commonwealth." As your money seems to be in regard to your position on the recent bill reducing the inspection fees on fertilizers to ten cents, I will remind you that in order to keep the fees in order to secure the salaries of these inspectors, you seem to have entirely lost sight of the fact that the inspection fees on fertilizers of over \$100,000 for these inspection fees. It is not only a matter of fact, but it is a matter of fact, that the inspection fees on fertilizers of over \$100,000 for these inspection fees. AQUATIC SPORTS.

THE EXHIBITION ON LAKE ABANA YESTERDAY AFTERNOON.

Row Oarsman Hanlan Walked on the Water and a Local Sport Did Not—A Boat Race That Was Funny.

A red-headed boy and two little boats. They furnished the fun at Grant park yesterday.

Between two and three thousand people stood around the banks of Lake Abana, for an hour, yesterday afternoon, enjoying Edward Hanlan's exhibition of aquatic sports.

Some features of the entertainment were enjoyed. But the crowd didn't seem to enjoy the exhibition of skill by the champion oarsman but as much as it did the display of horse play by some of the sculler's support.

The first part of the programme was a boat race by a trio of local oarsmen.

Nobody knew exactly who they were or what their records might be, or whether they were in fix or out of fix, but this did not at all detract from the enjoyment of the event. It was too unique not to be entertaining.

The little steamer that belongs to the "Dark Secret" combination served to diversify the monotony of the race, furnishing a topic for comment during the time consumed by the local champions in getting across the little lake and back again.

It wasn't a slow race, either. Mr. Hanlan acted as judge, starter, referee and time-keeper, while the little steamer with a crew of four, was supposed to represent a pair of excursion boats crowded with jolly people, and with two or three dozen hands of music aboard.

This was to be imagined—including the costumes of the three local champions. Barring the absence of hats the trio were adorned in regular swim trunks, with sign-board collars, rowing oars, with balance, of such an outfit—Bawdy dudes for all the world.

The local champions were not familiar with the ways of racing sculls, and under the circumstances were not anxious to be initiated.

So they chose the regulation Grant park bateau for the contest.

They were tolerably dry when Oarsman Hanlan gave the word "go." When they started the little island some feet from the starting point they were tolerably wet.

"Crabs" were as plentiful as the sands of the lake's—almost—and the spectators nearest the lake's side were treated to a free shower bath.

The local champions seemed bent upon transferring the water of the lake over in the neighborhood of the Green cross or forcing it bodily to seek refuge on a neighboring hillside, so frantically did they tug at their oars.

Three reached the island No. 2 dropped out by almost dropping out of the boat. He had just traced himself for a great pull when his paddles slipped, and the crowd got the benefit of an act not down on the programme—a double back somersault with the performer landing full length on the bottom of his bateau.

All the time the crowd kept laughing and yelling.

When the locals finally returned to the starting point they were about as wet as Lake Abana.

Next there was a scull race between Hanlan and Reddy Chastain, one of the Atlanta champions.

This was very tame, except for the awkwardness of the local, who evidently knew just as much about rowing boats as about the north pole.

Hanlan's rowing was enjoyed to the extent that such exhibitions usually are.

After this act Mr. Hanlan brought out a pair of cigar-shaped sheet iron tubes, flat on each side and with a hole big enough for a man's foot in the center of the top. On each side were a half dozen little tin flaps, made to turn half way forward and close in to the sides of the boats backward.

Dropping these into the lake, with a short paddle in his hands, Mr. Hanlan fitted his foot in each and then began shoving one foot in front of the other, something after the motion of walking or skating, all the time maintaining his balance with the paddle, which he held in his hands.

This was the water walking act.

After this another funny feature of the performance was rung in.

"Reddy" Chastain, one of the local champions was to do the water walking act.

This looked easy enough when Hanlan was in the tin shoes.

But "Reddy" didn't know as much about this little trick as the professor, and that's where the fun came in.

The shoes were towed out to the middle of the lake for the local's act, he being taken in a boat by the professor, who was dressed in shoes with the square side flaps, were gotten into position, "Reddy" stepped cautiously over the boat's side and got one foot in the right place. Then the second foot was tried to follow suite, but "Reddy" missed his bearings and, after wiggling about like an overloaded slack wire performer for a second or two, he tumbled a plump, round, and the local champion was lost to view.

Of course, the crowd yelled. It was natural. When "Reddy" appeared on the surface, he had very much the appearance of a drowned rat, and when he crawled over the side of the boat his gymnasium suit, which was of the abbreviated pattern, clung to his shivering form like grim death to a dead nigger.

Again he made a dash at the two tin shoes, and again they dumped him overboard.

The crowd yelled louder than ever, and some one kindly advised the local to put rosin on his feet when they bobbed up again.

THERE'LL BE NO ELECTION.

That Was Decided by the Prohibition Meeting Last Night.

Between 100 and 150 people assembled at the opera house last night in response to the call for a prohibition mass meeting.

The following resolutions were introduced by Mr. Murphy as a substitute for the resolutions adopted by the committee on conference, as printed in THE CONSTITUTION. The report of the conference committee had been read by Mr. W. A. Haygood. Mr. Murphy's substitute read:

Whereas, There is, under the present conditions, an honest difference of judgment among the prohibitionists of Fulton county, upon the expediency of holding an election in the county during the current year, under the general local option liquor law; and

Whereas, Said law, as tested by past experience in counties having large city populations, is not adequate in providing for the reasonable desires of the prohibitionists themselves; and

Whereas, We are sensible that the unfair and fraudulent practices which are possible under our present registration laws; and, therefore, we may move openly, fairly and with promise of righteous results toward the ends we have at heart.

Resolved, That no further efforts be prosecuted by the prohibitionists of this county for the ordering of a local option election in Fulton county during the current year;

That the prohibitionists of the county unite their efforts and voices to secure such general and special legislation, by the next general assembly, as will either prohibit, or, failing that, will protect honest men in voting from the gross and infamous frauds heretofore practiced by the unscrupulous ballot box of the state.

That we favor a law that will enable the people to abolish by vote the sale of alcoholic liquors as beverages, and at the same time will provide for public dispensaries of pure and unadulterated liquors for non-prohibited purposes, under legal authority and regulations, not for public revenue or private gain.

That we favor the amendment of the registration law of this county so as to make it a crime to illegally register equally as it is to illegally vote. We are emphatic and determined in our demand for pure elections and ballot boxes fortified against fraud.

Resolved, That the notable increase of drunkenness and consequent crimes in this county, the growth and profits of the liquor traffic, the increase of pauperism, the loss of life and property, the general commercial and industrial testimony to the losses of labor and wages by patronage of the saloons, and the utter failure of the liquor law, as a remedy for the evils of the liquor traffic, be more clearly established the fact that prohibition is the right and only rational method of this great individual and public curse.

Resolved, That we are entitled to have these views represented in the general assembly, not as political propositions or by those whose interests are wholly political, and to secure this just representation of the interests of the advocates of general prohibition, the suppression of the saloon evil, the protection of good public morals, the proper guardianship of the rights of good men, women and children in our country, we hereby recommend to the people of Fulton county Sam W. Small as a proper, earnest and capable man to represent the above views and propositions, and we respectfully ask all the public spirited citizens of this county to join us in securing his election in the next general assembly.

Judge George Hillier presided as chairman, and Mr. Tom Corrigan as secretary.

Tulks were made by Mr. Murphy, Moses Bentley, Mr. W. A. Haygood, Captain W. A. Hansell, Mr. Tom Corrigan, Mr. W. S. Thompson, one Mr. Matthews and Mr. W. J. Albert.

These were three issues.

First, raised by Mr. Corrigan: That the prohibitionists were to work inside the democratic party, and endeavor to secure Mr. Small's nomination.

Mr. Murphy made himself understood as agreeing to this, and made a slight alteration in the resolutions, so that the issue was not decided by a vote.

Second, a number of those present thought it unwise to pledge the prohibitionists to the support of Mr. Small, to the exclusion of other prohibitionists.

Mr. Murphy would not agree to leaving Mr. Small's name out, and carried the crowd with him. Mr. Small's name was stated here.

Third, many wanted the resolutions considered by sections, so that they could vote for all but the last or last two sections.

Mr. Murphy hoped that the resolutions would not be considered by sections, but adopted as a whole. This was done, and the resolutions were adopted as a whole.

Amongst those present were Mr. Green Doolittle, Mr. W. S. Thompson, Mr. Tom Corrigan, Captain W. A. Hansell, Mr. W. J. Albert, Judge George Hillier, Mr. A. A. DeLoach, Mr. W. B. Burke, Mr. B. B. Smith, Dr. W. H. Ingie, Mr. W. M. Edwards, Dr. J. O. Perkins, Mr. C. W. Samples, Captain W. H. Brotherton, Moses Bentley and others.

JOHN FITZGERALD, Observer.

There is a case of scrofula here that has mended very fast under the treatment of Bull's Sarsaparilla, after all other treatment failed to do the man any good. I also know of a case of piles that Bull's Sarsaparilla cured. In cases of whites and womb diseases it has proven itself the best medicine to give quick relief.

THE INVULNERABLE.

Many seemingly incurable cases of blood poison, catarrh, scrofula and rheumatism have been cured by B. B. B. (Bottled Blood Balm), made by the Rev. B. B. B. of Atlanta, Ga. Write to them for book filled with convincing proof.

G. W. B. B. Rader, living seven miles from Athens, Ga., writes: "For several years I suffered with running ulcers, which doctors treated and pronounced incurable. I bought a bottle of B. B. B. and did more good than all the doctors. I kept on using it and every ulcer healed."

D. C. Kinard & Son, Tonaliga, Ga., writes: "We induced a neighbor to try B. B. B. for catarrh, which he thought incurable, as it had resisted all treatment. It delighted him, and continuing it, we were cured sound and well."

M. W. Lawson, Point, Ga., writes: "My wife had scrofula 15 years. She kept growing worse. She lost her hair and her skin broke out fearfully. Debility, emaciation and no appetite followed. After physicians and numerous advertised medicines failed, I tried B. B. B., and her recovery was rapid and complete."

Oliver Scott, Baltimore, Md., writes: "I suffered from weak back and rheumatism. B. B. B. has proven to be the only medicine that gave me relief."
